Hogan, whose real name is Terry Bollea, added Linda as a defendant to his existing lawsuit against Wells Fargo Insurance Services. He is suing [Wells Fargo](#) for failing to set him up with a policy that adequately would have protected his [net worth](#).

It all stems from Hogan having to pay a large, undisclosed sum out-of-pocket to settle a lawsuit brought by the family of **John Graziano**, who was injured in a car accident involving Hogan's son **Nick**.

But Linda's attorney Rafool told RadarOnline.com that it's a desperate action from a desperate man. "He's saying she testified in a deposition in the divorce that she was his business manager. The reality is while Terry was out womanizing and working, Linda was running the household and trying to make [business decisions](#)," Rafool told us.

"This tells me his Wells Fargo case is falling flat and he's scrambling for alternative theories. "Hulk Hogan just needs to leave his ex wife alone and marry his new wife. Basically he needs to get a life.

"His litigation hobby is something we're over with but we can't wait to beat him one more time." Yes, those are fighting words!
