## Hogan Marriage Over: Linda Gets 'Outstanding' Settlement, Hulk Still Loves Linda

After a long, very public proceeding, **Hulk Hogan** and former wife **Linda Bollea** finalized their divorce and reached an undisclosed settlement on Monday evening. While the terms were not made public, the couple's net worth in 2008 was believed to be between \$26 million and \$32 million (as filed in court) and it sounds as though Mrs. Bollea walked away with quite the bulk of funds.

"Linda received an outstanding settlement result and I think both parties had compromised but Linda is extremely happy with the settlement," her attorney **Ray Rafool** told Tarts. "It was bittersweet and it was also a relief and as Linda said, in every grey cloud there is a silver lining so I think for both of them, they were very relieved to be on the same page and they were very relieved that they would have this chapter of their life behind them."

And it turns out that Hulk was the one who reached out to his wife of 25 years to make peace.

"Hulk is the one that originally came to Linda and said lets try to put this whole case aside and lets resolve this, essentially Hulk was the one that came to us with this peace offering which we gladly accepted," Rafool added. "He said he still loves Linda and he's happy that they're forever getting this resolved. These people are business partners now and will be business partners in the future."

While the divorced duo will still have a professional relationship, the semi-retired celebrity wrestler still wants some sort of personal relationship too.

"Hulk is looking forward to moving on with his life and is very hopeful that he and Linda can maintain a friendship and work together as parents to their two children," a rep for Hogan told Tarts.

### Newly Single Jessica Simpson Given a Diamond Ring

**Jessica Simpson** just broke up with **Tony Romo**, but that wasn't stopping the starlet from stepping out into the **Hollywood Hills** home of jeweler **Pascal Mouawad** for Monday night's listening party her father's new singing prodigy, **An Ya** (who is signed to Papa **Joe** Records label).

Donning a short black dress with stilettos, Simpson appeared to be in high spirits -- and even though she never did get a rock from Romo she managed to walk away with a beautiful 5 carat diamond ring from Pascal's black and white collection.

And it seems Miss Simpson has a new sibling -- sort of.

"An Ya is the net big pop star," Joe predicted. "She's part of the family now."
